

ICFOSS -Internship 2026

Assignment 2

(Read the instructions carefully and follow it in letter and spirit)

If you are interested in doing internship at ICFOSS a sound knowledge of Linux operating system is required. You can install a Linux os such as Ubuntu 24.04 on your PC and experiment. Or you can install it on a virtual machine such as virtual box. Look at this tutorial (<https://www.geeksforgeeks.org/how-to-install-ubuntu-on-virtualbox/>)

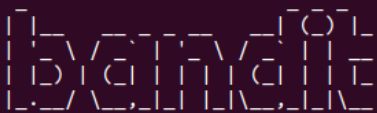

In this assignment you will play an online game and post the screenshots at each stage. (While taking screen shots, take your entire screen clearly including date and time)

Goto <https://overthewire.org/wargames/bandit/> Read the instructions. (this is very important)

Open a terminal on your Linux machine.

```
$ ssh bandit0@bandit.labs.overthewire.org -p 2220
```

```
(base) sunil@dir-laptoop:~$ ssh bandit0@bandit.labs.overthewire.org -p2220
```

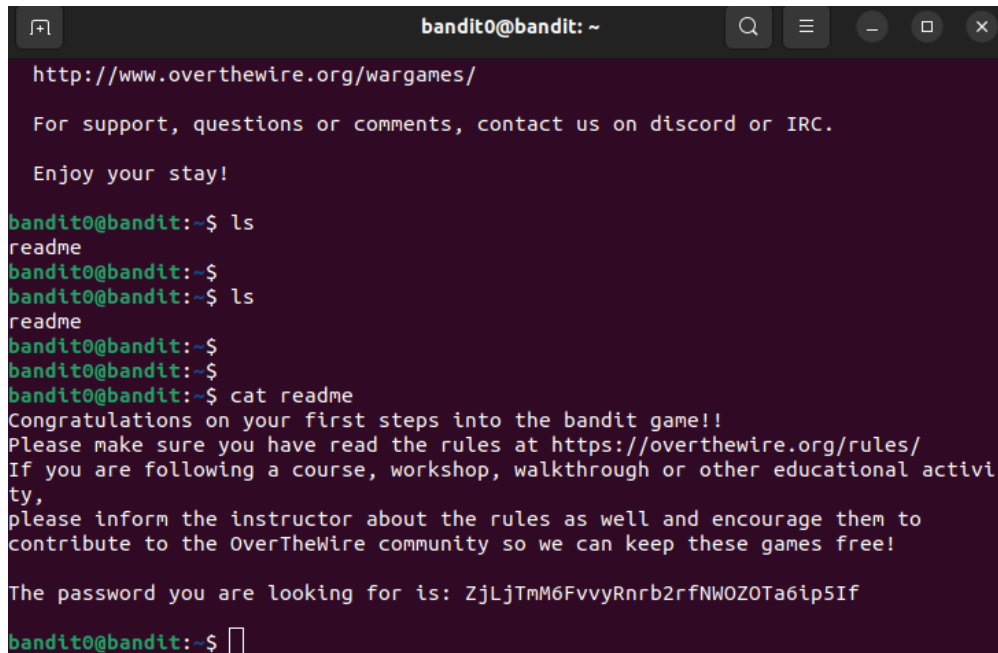

```
This is an OverTheWire game server.  
More information on http://www.overthewire.org/wargames  
  
bandit0@bandit.labs.overthewire.org's password: [ ]
```

Now read the website play the game At each step take a screen shot and paste it to a doc (of course in odt format).

Create a document named `bandit.odt` Sample format of `bandit.odt` given below. (note this we accept only odt format)

** bandit.odt begin **

Level 1

```
bandit0@bandit: ~
http://www.overthewire.org/wargames/

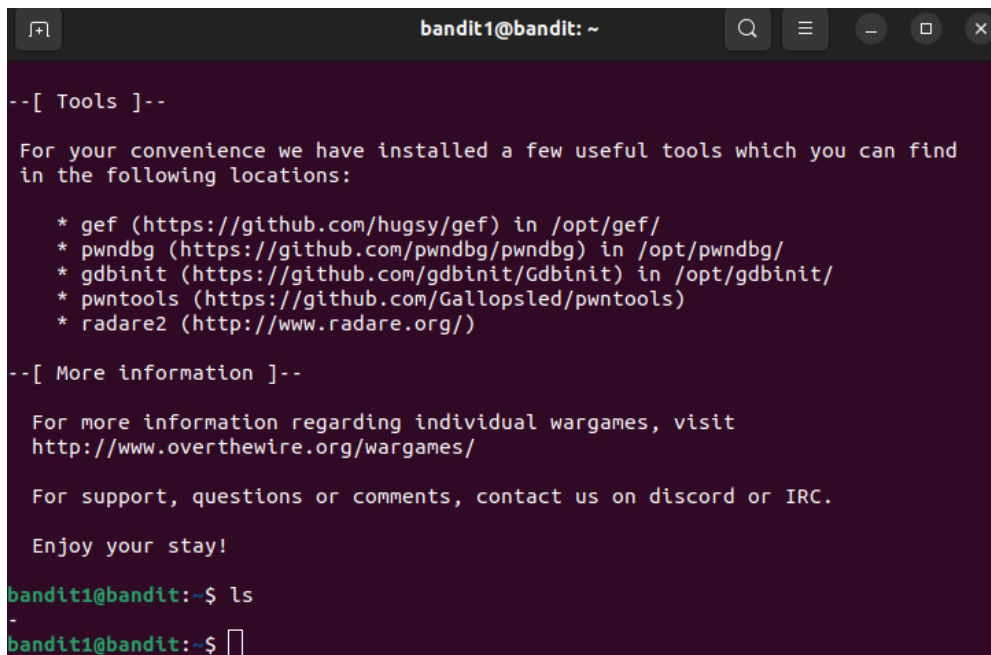

For support, questions or comments, contact us on discord or IRC.

Enjoy your stay!

bandit0@bandit:~$ ls
readme
bandit0@bandit:~$ 
bandit0@bandit:~$ ls
readme
bandit0@bandit:~$ 
bandit0@bandit:~$ 
bandit0@bandit:~$ cat readme
Congratulations on your first steps into the bandit game!!
Please make sure you have read the rules at https://overthewire.org/rules/
If you are following a course, workshop, walkthrough or other educational activity,
please inform the instructor about the rules as well and encourage them to
contribute to the OverTheWire community so we can keep these games free!

The password you are looking for is: ZjLjTmM6FvvyRnrb2rfNWOZ0Ta6ip5If
bandit0@bandit:~$
```

Level 2

```
bandit1@bandit: ~
--[ Tools ]--

For your convenience we have installed a few useful tools which you can find
in the following locations:

* gef (https://github.com/hugsy/gef) in /opt/gef/
* pwndbg (https://github.com/pwndbg/pwndbg) in /opt/pwndbg/
* gdbinit (https://github.com/gdbinit/Gdbinit) in /opt/gdbinit/
* pwntools (https://github.com/Gallopsled/pwntools)
* radare2 (http://www.radare.org/)

--[ More information ]--

For more information regarding individual wargames, visit
http://www.overthewire.org/wargames/

For support, questions or comments, contact us on discord or IRC.

Enjoy your stay!

bandit1@bandit:~$ ls
-
bandit1@bandit:~$
```

** bandit.odt end**

Complete up to level 18 and paste the screen shots to the above doc. Convert it to a pdf . Zip the pdf and odt into a single file and

upload to the google form provided. If you complete up to level 33 you will have some extra mileage.

The uploaded file should be in tar.gz format Find out what is tar and gzip from internet.`

Rename the final zip file to a2_yourname_yourktuid.tar.gz

(a2 → assignment 2, yourname → yourfirstname, yourktuid → your ktu id

eg a2_atul_meal12200.tar.gz. We need the final upload in this format for automatic evaluation.)

Please note that you understand what you do. At the time of interview, you can expect questions from this assignment.

Enjoy the game.
